Subject: RE: Community Liaison's - Need to drive

Hello Michael We are assuming that the candidate does not drive period, not that they do not want to drive from R1 to R6. If that is the case, I am sorry it won't work. Each CIC will on their own and will need to be able to drive a car. Maybe they would be interested in filling one of the many office positions.

Subject: Community Liaison's - Need to drive

Hi guys,
We have one potential person from R1 who can mobilize in the community liaison role late this week, but they are unable to drive. Is this a show stopper, or can it be worked around?

Please reply all.

Cheers,
Mike
